## Equity Vision

Wright is a community in which:

- all are held to high expectations &
- all feel included, valued, & supported &
- where students are the central focus.

## Strengths

Wright's small size enhances staff ability to focus on individual student needs. A purposeful community and AVID culture is cultivated which promotes student engagement and builds student strengths and ability to achieve college and career readiness.

## Progress

During the past year, the Wright staff developed student language through a focus on collaboration. As a result of intentional community building and family engagement we saw positive increases in our Climate Survey responses indicating that Wright is a supportive learning environment for all.

## Area for Growth

Wright will accomplish its literacy goals by continuing its work with planning lessons that emphasize building inquiry and critical thinking skills. Through a focus on social emotional learning, we will continue to develop self-efficacy through community building and goal setting. Increased emphasis will be put on building collaborative teacher teams that are learning communities which plan together to best meet the needs of all students.

## Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate community, college, and career ready.
